

IPL Rate Case - IURC & OUCC Public Meetings

Dear Members of the Indianapolis City-County Council,

During our last IPL/City-County Council update, the topic of discussion was the current Indianapolis Power & Light Company rate case. We provided you with information on the impacts of the proposed rate increase, our current energy efficiency program offerings, and organizations available to financially assist customers facing difficulty with their utility bills. We also discussed the process for the proposed rate increase, and how IPL's customers can provide input.

At the conclusion of our presentation and discussion, many of you requested an update on the date and location for any public meetings to be held. It was just recently announced that the Indiana Utility Regulatory Commission (IURC) will hold its public field hearing on March 16, 2015, at 6:00 p.m. in the Auditorium at Crispus Attucks Medical Magnet High School located at 1140 Dr. Martin Luther King, Jr. Street, Indianapolis, IN. In addition, the Indiana Office of Utility Consumer Counselor (OUCC) will conduct an informational meeting at 5:30 p.m. on the same day, March 16, immediately before the IURC public field hearing.

For those who cannot attend, the OUCC will take written comments submitted by close of business on Tuesday, March 31, 2015. Comments to the OUCC can be submitted via the OUCC's website at www.in.gov/oucc/2361.htm, or by mail, email or fax:
